Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP or Section 504 Plan. An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accommodations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Act of 1973.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning -	Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
Level 2 -- Below Standards -	Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
Level 3 -- Meets Standards -	Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
Level 4 -- Exceeds Standards -	Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Three Conditions Are Required For Making Adequate Yearly Progress (AYP)

1. At least 95.0% Tested for Reading and Mathematics for the All Group and Subgroups
2. At least 40.0% Meeting/Exceeding Standards for Reading and Mathematics for the All Group, and at least 37.0% for all Subgroups to compensate for error in measurement for smaller subgroup sizes, or meet Safe Harbor requirements***
3. At least 88.0% Attendance Rate for Non-High Schools or at least 65.0% Graduation Rate for High Schools

* Includes only students enrolled as of 9/30/02.

** Safe Harbor Targets of 37% or above are not printed.

*** Subgroups with fewer than 40 students are not reported. Safe harbor only applies to subgroups. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. Safe harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Areas of Success

- Over seventy-nine percent of all WMS 7th grade students met or exceeded state standards on the science subtest of the ISAT which was superior to the state average.
- Sixty-one percent of all 8th graders met or exceeded state standards on the math subtest of the ISAT which exceeds the state average.
- Seventy-one percent of all 8th grade WMS students exceeded the state standard on the algebraic relationships/representations compared to the state average of sixty-four percent.
- Seventy-two percent of all 8th grade WMS students met or exceeded the state standard on the writing portion of the ISAT which is above the state average.
- Seventy-three percent of all 7th grade WMS students met or exceeded the state standard on the social studies portion of the ISAT compared to the state average of 62 percent.
- Twenty Wauconda Middle School teachers have completed CRISS training and are assisting other staff members with incorporating instructional strategies across the curriculum.

Areas for Planned Improvement

- To develop instructional strategies through the school improvement process to increase the percentage of all students meeting and exceeding the state standard for social studies and science.
- To develop instructional strategies and activities through the school improvement process to decrease the percentage of students who did not meet the state standards for eighth grade reading, math and writing.
- To incorporate instructional strategies that develop student's ability to create an effective extended response answer to a question about a literary passage.
